More about the MYBA, its leagues and player fees

The Morton Youth Baseball Association's objective is to provide a supervised baseball program that will be enjoyable, educational, and challenging for all the youths. The 2019 season afforded us the opportunity to develop more than 550 players throughout the season's 450+ baseball games and countless practices. Teams in each league will compete in 12-20 games against other Morton teams (in-house games). Games will be played at Westwood Park. The regular season will run from April through June. Following the regular season, **Mustang and Bronco leagues only**, there will be a post season single elimination playoff with all teams participating. In addition to the playoffs there will be an All-Star game consisting of players nominated from each team to be held on July 3rd.

Player Leagues are based on grade in school at the time of registration as follows:

Pinto League or "T-Ball" (Cost: \$75) Players eligible for this league will be in **Pre K or Kindergarten at the time of registration and be 4 years old on or before April 30th.**

Maverick League (Cost: \$120) Players eligible for this league will be in **1st or 2nd grade at the time of registration.** Kindergarteners will be allowed to play in Maverick if they have played at least 1 year of Pinto.

Mustang League (Cost: \$120) Players eligible for this league will be in **3rd or 4th grade at the time of registration.**

Bronco League (Cost: \$120) Players eligible for this league will be in **5th or 6th grade at the time of registration.**

The MYBA also offers a Pony League for 7th and 8th graders and a Colt League for high school age players. Registration is also open for these leagues at mortonyouthbaseball.org.
