

**Grades K-6**

# December Programs and Events

## Letters to Santa

Nov 25-Dec 2

The librarians have Santa's address! Use our letter sheets or drop your own off in the Santa Mailbox at the library. If you include your return address, he might even write back!

Ages 3-10

## Crafty Kids\*

Dec. 4, 6:00-6:45 pm

What happens when you mix salt with watercolors? Join us to create a watercolor winter wonderland.

Participants have the option to display their works of art on our Youth Art Wall in the Children's Area for the upcoming month. Grades K-4

## Lego Club

1st & 3rd Tues. 3:15-4:00 pm

Explore the possibilities of building with LEGOs and meet other LEGO lovers! Use the library's LEGO bricks to build a creation to display in our children's area. Grades K-6

## Holiday Prep Party\*

Dec. 7, 3:30-4:30pm

Get ready for the holiday season by making ornaments and bows to decorate the gifts you're giving this holiday season. Grades 4-6

## Lego Ornament Building\*

Dec. 9, 10:00-11:00 am

Calling all LEGO lovers! Join experienced LEGO educator April Fisher and learn how to make a train ornament you can take home to hang on your tree. Grades K-6

## Curiosity Club: Sharpie Science\*

Dec. 12, 3:30-4:15 pm

Create your own Sharpie art and experiment to see if it is actually permanent. Grades 2-3

## Kidding Around: Snow Crystals\*

Dec. 14, 3:30-4:15 pm

Did you know that snow crystals can come in many different shapes, all individually unique? Join us to learn more about winter's wonders and create your own snow crystal replica. Grades K-1

## Family Gingerbread Night\*

Dec. 18, 6:00-6:45 pm

Bring your family to create your own mini gingerbread house. You bring the can of frosting, and we'll provide the rest and clean up the mess! Recommended for families with kids ages 3-10

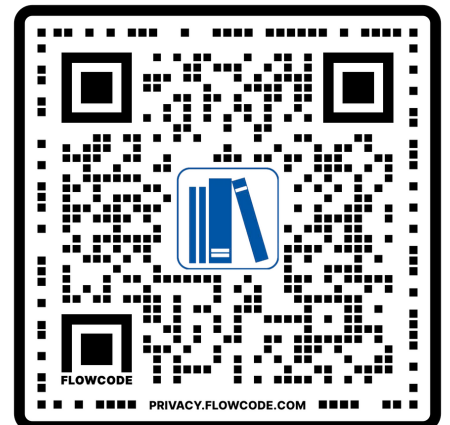

## GEMS: String Art and Math

### Concepts\*

Dec. 19, 4:00-5:30 pm

Presented by Judy Griffin, AAUW Morton Branch volunteer. FOR GIRLS grades 4-7

# January Programs and Events

## **Melting Snowmen\***

Jan. 4, 10:00-10:45 am

Science and art collide when we create our own non-Newtonian melting snowman. Grades K-3

## **Lego Club**

1st & 3rd Tues. 3:15-4:00 pm

Explore the possibilities of building with LEGOs and meet other LEGO lovers!

Use the library's LEGO bricks to build a creation to display in our children's area.

Grades K-6

## **Paint Your Pet\***

Jan. 4, 3:45-4:45 pm

Bring a photo of your pet (or another animal you love) and use Sharpie markers and watercolor paint to turn it into a funky and colorful piece of art.

Grades 4-6

## **Kidding Around: Static Electricity\***

Jan. 11, 3:45-4:30 pm

What is static electricity? How is it different from the electricity that powers our houses? Join us for a hands-on science exploration. Grades K-1

## **Library After Hours: Kids vs.**

## **Adults Nerf Night\***

Jan. 13, 5:00-6:30 pm

Ready to join your family and friends in an epic Nerf battle? When the library closes, the games will begin! Bring your own Nerf gun and we'll provide the ammo. Recommended for families with kids 5+.

## **Bluey Party\***

Jan. 18, 6:00-7:00 pm

Wackadoo! Are you a fan of Bluey and the Heeler family? Come join us for keepy-uppy, dance mode, and fun crafts featuring the dogs from down under! Recommended for families with kids ages 3-8.

## **Crafty Kids\***

Jan. 22, 6:00-6:45 pm

Read about snowy owls and create your own owl work of art. Grades K-4

## **Curiosity Club:**

## **Hot Cocoa Science\***

Jan. 23, 3:45-4:30 pm

Did you know hot cocoa is hydrophobic? Join us to learn more about hot cocoa and its properties through science experiments. (Hot chocolate and marshmallows will be sampled at the end of class.) Grades 2-3
